Dear All,

Welcome you to our 29th Annual Gabor Racz Advanced Interventional Pain Conference and Workshops. Over the past 29 years we have prided ourselves on bringing the very best in pain management education; this year will be unmatched! Our meeting will be held **Monday - Wednesday, August 24 - 26, 2026** with the FIPP/CIPS exam being offered on Thursday, August 27th. Our previous programs have offered so many positive reviews, while also suggesting some new and exciting topics. We have taken these suggestions very seriously and are including solid, evidence-packed materials, along with multiple interventional procedure workshops. There is no question that interventional procedures work; the conference workshops offer the practitioner's and the basic scientist's incredible insight into our field of chronic pain treatment.

As always, I am very grateful to all of our Sponsors; whom without them, we would not be able to continue with this amazing program. We know you will enjoy this conference and come away with valuable information that will enhance the way you practice pain medicine.

I'm looking forward to meet with you in Budapest in August!
